Board of School Directors
North Penn School District
401 East Hancock Street
Lansdale, PA 19446

Dear School Directors:

The 2016-2017 fiscal year budget for the North Penn School District is presented herein. The Superintendent, Director of Business Administration, and the Assistant Director of Business Administration assume responsibility for data accuracy and completeness. This budget presents the District's financial and operational plan along with all necessary disclosures.

2016-2017 Budget Executive Summary

Budget Presentation

The North Penn School District strategically budgets an annual spending plan in order to provide the best possible educational program for all students while prudently managing and allocating the District's resources. The development and consideration of the 2016-2017 Governmental, Enterprise, and Internal Service Fund budgets were completed with a detailed and thorough review of all revenue and expenditure line items while maintaining the integrity of the District's mission statement, goals, and fiscal policies. Budget information on each individual fund is provided in this document.

This budget presentation was prepared using the Association of School Business Officials International's (ASBO) Meritorious Budget Award (MBA) criteria and framework. The MBA is the highest form of recognition in school business budgeting and the administration is committed to presenting a high-quality budget document to you and to the community. This document will be submitted to ASBO within 90 days after budget adoption for their consideration of the award. The administration is proud to create and distribute this budget to the Board of School Directors and to the North Penn community.

Mission Statement

The North Penn School District is an effective, innovative, student-centered community of teaching and learning where every student is empowered to:

- become an independent, adaptable, life-long learner who uses knowledge to create new understandings;
- exhibit creative, collaborative, and critical thinking;
- achieve at his or her highest potential; and
- live as a positive, responsible, and contributing citizen of the global society

Vision Statement

The North Penn School District is student-centered with a focus on academic challenge, meaningful experiences and personal responsibility.

Core Values

Visionary Leadership: Contributing to the development of a quality organization by building the relationships necessary to create the conditions that:

- foster a high level of employee, student and community engagement;
- provide opportunities for employee decision-making;
- include a high level of visibility; and
- are characterized by leadership coaching.

High Expectations for Learning: Cultivating an environment where every student knows he or she can succeed, and in which families, community members and staff demonstrate the confidence to meet the needs of every child by using strategies that ensure high levels of achievement and address student learning differences.

People-Centered: Empowering and equipping students, staff, and community members to better serve, providing them with a healthful environment in which they continuously learn and embrace change, and soliciting feedback to effectively understand and address the needs and concerns of students, staff, and the community.

Continuous Improvement: Creating a culture throughout the organization of commitment to use and share data in decision-making, planning focused on retaining strengths, addressing opportunities for improvement, and program assessment to measure improvements in student, employee, and organizational performance.

Partnerships and Teamwork: Utilizing the power of teaming to deliver the best for our school community.

North Penn School District
2016-2017 Budget

Universal Values: North Penn school community members will model universal values to collaborate effectively in their daily activities. These values include but are not limited to: civic responsibility, consideration, cooperation, dependability, fairness, goodwill, honesty, kindness, orderliness, patience, perseverance, politeness, respect, responsibility, and sportsmanship.

Educational Community

The North Penn School District is a large suburban district of approximately 12,800 students located in southeastern Pennsylvania. The district encompasses 42.73 square miles, including the municipalities of Upper Gwynedd, North Wales, Hatfield Borough, Hatfield Township, Lansdale, Line Lexington, Towamencin Township, and Montgomeryville. The 2010 census identifies the total population of the district as 98,175. The district celebrates its increasing diversity. Over the past six years, the African American student population has increased from 4.65% to 8.4%. In the same time span, the Hispanic student population has increased from 3.2% to 4.6% and the Asian student population has increased from 13.57% to 19.9%. As a result, the North Penn School District has one of the largest representations of Asian students in the state of Pennsylvania. Within these groups, students represent many specific ethnicities and home languages. Overall, the district has 3.7% of its students qualifying for English as a Second Language (ESL) services, with individual schools ranging as high as 15% ESL. Similarly, an increasing number of economically disadvantaged students resulted in 30% of NPSD students qualifying for free or reduced lunch in 2015-16, with individual schools ranging as high as 56% qualifying. NPSD is fortunate to collaborate with many businesses and community organizations to provide additional supports and services for students.

Budget Process and Timeline

The administration and Board of School Directors are committed to providing each child in the District with the best possible educational opportunity while maximizing the use of available resources. This consideration goes into the budget process each year as both parties attempt to balance these needs with the available local, state, and federal resources.

Normally the annual budget process begins in September so that a Preliminary Budget can be presented and adopted in February. The Preliminary Budget due date is earlier in a Presidential election year and was adopted in January. The Base Act 1 index is published by the Pennsylvania Department of Education and is the state mandated limit for real estate tax increases (2.4% for 2016-17) unless exceptions are utilized or voter approval is given to raise taxes above the index. If the Board of Directors adopt a resolution that it will not need to raise taxes above the state mandated limit, it can forgo the adoption of the preliminary budget.

The Administration develops a timeline that works backwards from the final budget adoption date in June to the previous September. The following timeline by month summarizes the North Penn School District's budget process:

June	<ul style="list-style-type: none"> • Board adoption of the final budget

For the 2016-2017 budget, the District adopted the preliminary budget on January 21, 2016 and the proposed final budget on May 10, 2016. The final budget was adopted by the board of directors at the June 16, 2016 board action meeting.

Student Enrollment

The projected student enrollment for the 2016-17 school year is 12,789 total students. At the August 18, 2016 board action meeting the directors approved an enrollment study to be completed by the Montgomery County Planning Commission to be completed in the spring of 2017.

2016-2017 Budget

Personnel Resources

The District has decreased staffing in the 2016-2017 budget from 1951 total employees in the 2015-2016 budget to 1936. Full time employees decreased from 1779 to 1768 in 2016-2017 and part time employees also decreased from 172 in 2015-16 to 168 in 2016-2017. Total staffing levels decreased by 32 employees in all support departments, increased by nine in the elementary schools, and increased by eight employees in the secondary schools.

District Facilities and Capital Improvements

The District is currently completing renovations to Hatfield Elementary School which were substantially completed prior to the beginning of the 2015-2016 new school year. To finance this project, the District sought two separate bond issues in 2014 and 2015 for 9.95 million dollars each. The District will begin renovations on Montgomery Elementary School in the summer of 2016. To finance this project, the District issued General Obligation Bonds for 9.84 million dollars in 2016 and will seek a second issue for 15 million dollars 2017. The District has recently engaged in an Athletic Campus Master Plan that may result in future projects

Other potential upcoming projects include various roof replacements and security camera upgrades at various buildings.

Budget Summary for All Funds

The following is a summary of the 2016-2017 budgets for each of the District's funds. Budgeted revenues include resources from local, state, and federal sources and expenditures represent those resources allocated towards supporting the District's programs and services. Enterprise Funds consist of the School Nutrition Fund, Extended School Care Fund and Community Education Fund which charge fees for services. The Internal Service Fund is used to account for self-insurance expenditures paid for at actual cost by the District.

General Fund Overview

Revenues

The General Fund of the District is funded from local, state, and federal sources of revenue. Local revenue is the largest source of revenue which accounts for 78% of the \$242,174,877 in total budgeted revenue for the 2016-2017 fiscal year. The remaining 22% of revenue budgeted is comprised of state subsidies and grants (20%) as well as federal grant money (2%).

Local Sources

The largest portion of local revenue is made up of current taxes on real estate. Local current real estate tax revenue is budgeted to be \$164,150,885 which is 87% of local revenue sources budgeted and 68% of total revenue sources budgeted. Current real estate tax revenue budgeted is \$4,359,876 higher than budgeted in the previous year. The North Penn School District lies in Montgomery and Bucks Counties so there are two real estate tax bases that make up current real estate tax revenue. The combined assessed property values for Bucks and Montgomery Counties is \$7,195,870,992 for the 2016-2017 school year.

North Penn School District
2016-2017 Budget

The 2016-2017 real estate tax rate required to fund the District's programs and services for Bucks County is 133.1668 and 24.1890 for Montgomery County. The Montgomery County rate increased by 2.4% from the previous year which is the maximum amount allowable under Act 1 for the 2016-2017 school year. The Bucks County increase was also 2.4% above the original millage rate for 2015-16. This increase in the tax rate along with higher assessed property values and a weighted average tax collection percentage of 97% will generate the additional \$4.4 million in resources for the District. The following two charts show the millage rate history for both counties since the 2010-2011 school year.

North Penn School District

Tax Impact on Average Home

	Assessment	2015-16 Millage	2016-17 Millage	2015-16 Tax	2016-2017 Tax	Increase
Montgomery County	200,000	23.6223	24.1890	4,724.46	4,837.80	113.34
Buck County	28,000	130.0471	133.1668	3,641.32	3,728.67	87.35

The second largest source of local revenue is from proportional tax assessments including earned income taxes (EIT) and real estate transfer taxes. Both of these taxes are collected at a rate of 50% of the total tax levy. The District anticipates collecting \$15.5 million in EIT revenue and \$2.6 million in real estate transfer taxes. Other local sources of revenue include interim and delinquent payments on real estate taxes, earnings on investments, revenues from district activities, and other various sources.

2016-2017 Budget

State Sources

State sources comprise 20% of the total budget at \$48,868,009 which is a 7.9% increase from the 2015-2016 fiscal year. State sources include subsidies from basic education, special education, transportation, and rental (or building reimbursement) payments. The chart below shows the budgeted subsidy payments for 2016-2017.

The largest line item in state sources comes from the state's share of retirement contributions. The state reimburses the District for half of their Pennsylvania School Employee's Retirement System (PSERS) retirement costs. For 2016-2017, the rate that districts pay into PSERS is 30.03 % and in return the state reimburses half of this expense. This amount is \$18,306,202 which is a \$3 million (19.6%) increase from the previous year. This increase is contributed to an increase in salaries as well as an increase in the contribution rate from 25.84% to 30.03%. The state also reimburses districts for one half of their Social Security and Medicare taxes which in 2016-2017 equates to \$4,658,237.

The District also receives money from the state to offset property taxes from Act 1 of 2006. These funds are collected by the state through gaming revenues and other tax programs which are then distributed to school districts to pass on as a tax credit to approved homestead and farmstead properties to reduce property taxes. This allocation for the 2016-2017 school year is \$5,079,806 which equates to a tax reduction of \$204 for each eligible property.

Federal Sources

Revenue from federal sources is comprised primarily of grant money for specific programs. The District receives money for the following programs:

- Title I - Improving the Academic Achievement of the Disadvantaged

North Penn School District
2016-2017 Budget

- Title II - Prepare, Train, and Recruit Highly Qualified Teachers and Principals
- Title III - Language Instruction of LEP and Immigrant Students
- Keystones to Opportunity - Striving Readers Comprehensive Literacy Prog. (budgeted in Title I)

The District also receives monies through the School-Based Access Medicaid Program which provides reimbursement for eligible health care service costs.

Expenditures

For the 2016-17 school year, budgeted expenditures in the General Fund are \$245,489,530, which is an increase of \$10,325,102 (4.4%) from 2015-2016. The following table compares these expenditures by category:

North Penn School District
2016-2017 Budget

Expenditure Analysis

The largest budget challenge facing the North Penn School District as well as the other 499 public school districts in the Commonwealth is the required contributions to the Pennsylvania State Education Retirement System (PSERS). Districts are required to pay a defined contribution amount towards employee pensions each year to PSERS. For the 2016-17 school year, this amount is 30.03% which means that for each \$1 in eligible salaries the District must contribute 30.03 cents to PSERS. The table below shows the historical, current, and projected PSERS contribution rates:

The total budgeted PSERS expenditure is \$36,612,403 for 2016-2017 which is an increase of \$6,001,489 (19.6%) from the previous year.

Along with the PSERS contribution, the other major items impacting the expenditure budget are as follows:

- Salaries – Salaries have increased by 2.36%. A new contract agreement was reached with the North Penn Education Association (NPEA) during the 2015-2016 school year.
- Technology Capital Lease-An additional \$705,670 was budgeted for a new lease for Chromebooks to be issued to students in grades 6 through 9 and other technology upgrades which will be leased over three years.
- Prior Year Elementary Language Arts Textbook Adoption-This initiative from 2015-16 budgeted at \$999,323 was not replaced in the 2016-17 budget, resulting in an over \$1 million reduction in supplies and books.
- New debt for the Montgomery Elementary School renovations – Debt service payments will increase by \$191,098 due to this project.

*Anticipated Borrowing

The net increase for these major items is \$8,769,940.

Capital Projects Fund Overview

The capital projects funds are comprised of the capital reserve fund and any capital funds where bond proceeds are deposited to use for construction projects. For 2016-2017, there is a projected beginning fund balance of \$14,378,337 in bond and capital reserve funds available that will be used to finish the following projects:

- Capital improvements to Hatfield Elementary School which were substantially completed in 2015
- Renovations to Montgomery Elementary School which will be completed in August 2017.
- Roof replacements various District buildings

The District recently engaged in an Athletic Campus Master Plan and is evaluating potential projects as a result.

School Nutrition Fund Overview

For the 2016-2017 school year, the District's School Nutrition fund is budgeting revenues of \$5,471,972. Local revenues, which are comprised of sales to students and staff, are budgeted to decrease by \$142,002 (-4.9%) due to a decrease in breakfast sales projections, a la carte sales, and student sales due to increased free and reduced eligibility.

This increase in free and reduced meal sales leads to an increase of state and federal meal reimbursement revenue. The United States Department of Agriculture (USDA) reimburses school districts for eligible meal sales and the 2016-2017 budget shows an increase in combined state and federal revenue sources of \$188,868 (7.44%). The District is also receiving an additional 6 cents per meal in reimbursement for having completed the Pennsylvania Direct Meal Certification program.

Expenditure budget of \$5,867,850 is an increase of \$469,852 (8.7%) over the previous year. This can be attributed to an increase in salaries, increased food and supply costs, and replacement equipment costs to purchase a new warmer and ovens.

Extended School Care Fund Overview

The Extended School Care Fund continues to show a profit for the 2015-16 school year. With a consistent enrollment of 780 students throughout this school year and increases made to the part time rates two years ago, the program is able to cover all expenses and will end the school year showing a profit.

Through the month of February 2016 income was up approximately 3.0% over the previous year. Expenses thus far are slightly more than last year. This is due to increases in income at Bridle Path and Inglewood Elementary schools on the income side and increases in salaries, medical benefits and pension on the expense side.

With a fee increase of 2.4% approved for the 2016-17 school year, income is budgeted at \$2,293,470 and expenses at \$2,445,301.

Summer camp continues to show improvement with enrollment last year improving over the previous year. Camp registration began on March 22, 2016. More than 150 students have signed up to date. We have reached capacity at Gwyn Nor and are close to capacity the first two weeks of camp at Bridle Path.

Community Education Fund Overview

The District's Community Education Program has provided affordable life-long learning opportunities for more than 40 years. This year alone over 3,300 residents participated 249 classes and summer camps. Also, about 500 of our "Gold Carders" (residents 60 and older) enjoyed our programs for free or at a reduced rate. In an age when school districts are ending such programs, NPSD boasts thriving support of this community tradition.

The philosophy of the Community Education Program has been to support district needs, when financially possible, in areas that support community engagement and community use of our resources. During the 2015-2016 school year, community education installed a sound system in Conference Room B at the Education Services Center (\$10,675) and will be funding the NPSD Mobile App (\$10,139) that will launch by the end of the school year.

Also included under the Community Education Program are programs for water polo, aquatics, and swim team. The water polo and swim team programs hold competitive meets and tournaments while the aquatic program holds swim lessons for the community.

Internal Service Fund Overview

The North Penn School District is self-insured which means all medical, prescription, dental, and vision claims are paid at the actual cost by the District. The internal service fund is used to account for these expenses on a cost-reimbursement basis. For the 2016-2017 school year, budgeted revenues (transfers from the general fund from both employer and employee cost-sharing) are \$29,820,000 and expenditures (the cost of claims) is \$29,926,500.

- 4% increase per year in other benefits; 3% increase per year in professional/technical services, purchased property services, and other purchased services; and 2% increase per year in supplies.

Countywide Benchmarking Data

The Montgomery County Intermediate Unit publishes a statistical report each year comparing the county school district's statistical information. These schedules are helpful to compare where the North Penn School District is in comparison with the other schools in the county.

The chart below shows the total expenditures in the 2014-15 school year and the per pupil expenditure for each district. The North Penn School District ranks 18th out of 21 schools while having the second largest total expenditure budget. This illustrates that the District is able to provide a quality educational program for each student at a low per pupil cost. The per-pupil cost of \$17,826.32 is \$1,953.45 less than the county average of \$19,779.77.

The next schedule compares the equalized mills of each district in the county. The millage rate is used to calculate the annual real estate tax bill for taxpayers by multiplying the assessed value of a property times the millage rate. The North Penn School District is ranked 18th lowest of the 21 districts in the county at 25.94 mills. The District has a strong tax base and is able to keep the millage rate low compared to the other districts each year to generate the necessary revenue to support the educational programs offered.

Legal Autonomy and Fiscal Independence

The North Penn School District is a political subdivision of the Commonwealth of Pennsylvania located in the north-central section of Montgomery County, Pennsylvania, and a small portion of southern central Bucks County, Pennsylvania. The District is comprised of the municipal subdivisions of the Boroughs of Hatfield, Lansdale and North Wales and the Townships of Hatfield, Montgomery, Towamencin and Upper Gwynedd, all located in Montgomery County and a small portion of the Townships of Hilltown and New Britain located in Bucks County.

Authority is given to an elected nine-member Board of Directors elected for a four-year term to govern the District. The Superintendent is the chief administrative officer of the District with overall responsibility for all aspects of operations, including education and finance. The Director of Business Administration is responsible for budget and financial operations. Both of these officials are selected by the Board of Directors.

Level of Education Provided

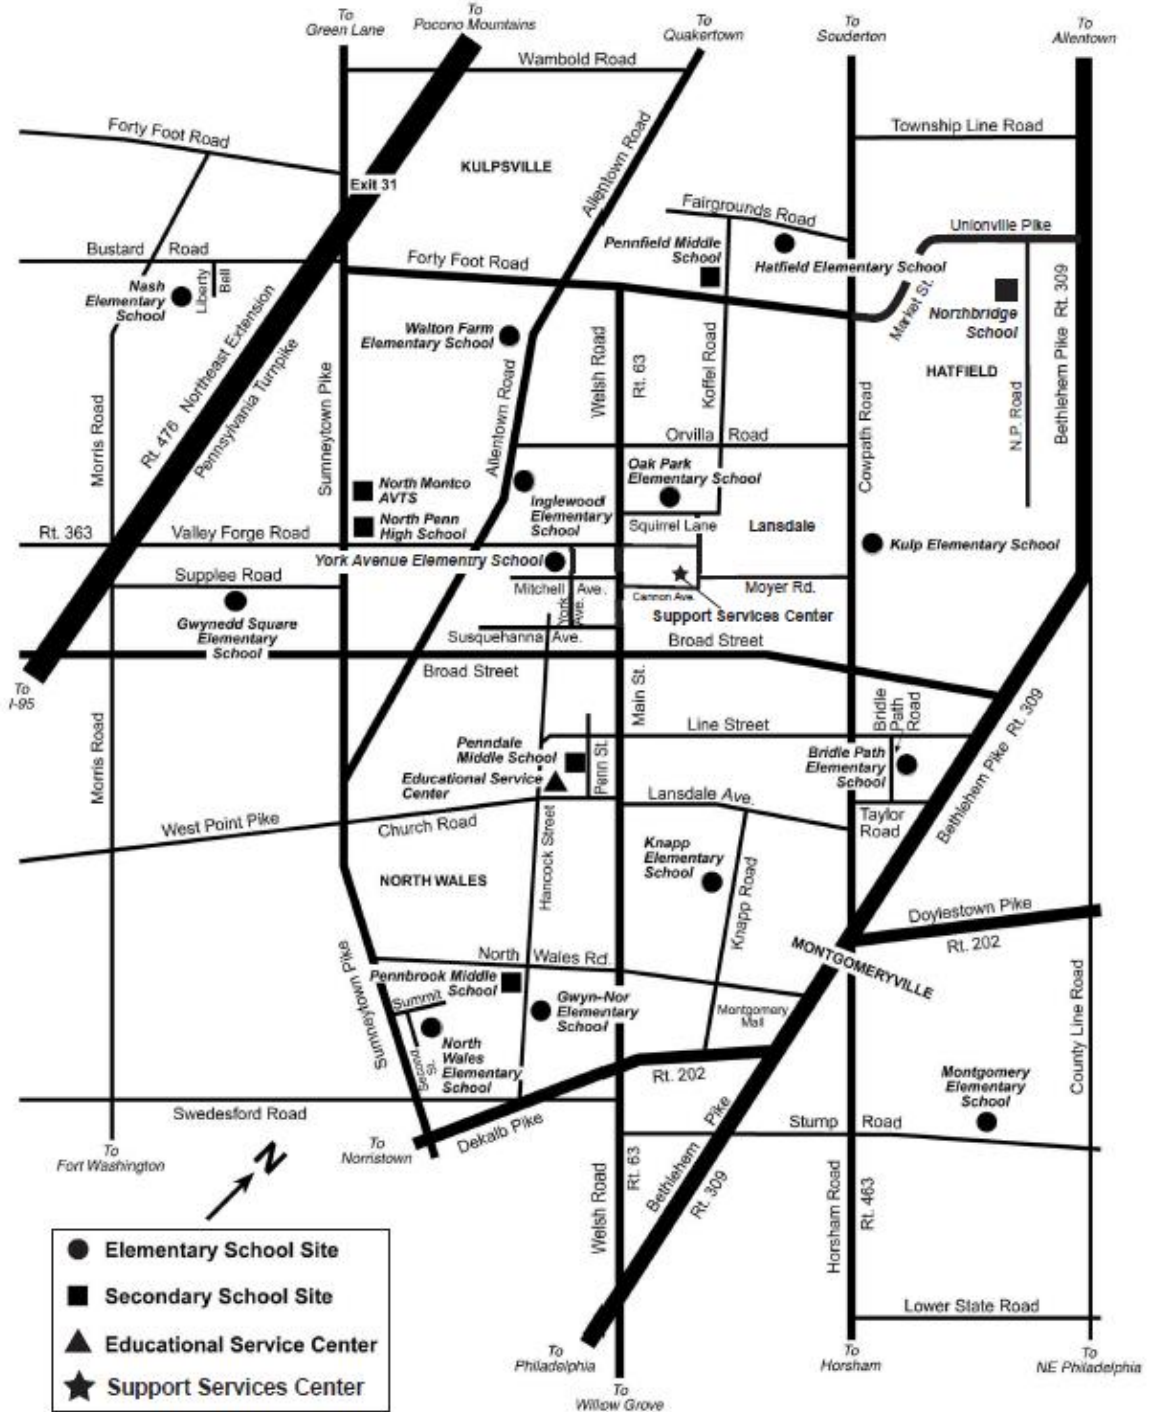

The District presently provides K-12 educational services for approximately 12,800 students enrolled from Kindergarten through Grade 12. The District also provides alternative education services and vocational education for students in grades 10 through 12 at the North Montgomery County Area Vocational Technical School.

Geographic Area Served

The North Penn School District is a large suburban district of approximately 12,800 students located in Montgomery County in southeastern Pennsylvania. The district encompasses 42.73 square miles, including the municipalities of Upper Gwynedd, North Wales, Hatfield Borough, Hatfield Township, Lansdale, Line Lexington, Towamencin Township and Montgomeryville. The 2010 census identifies the total population of the district as 98,175.

Governance Structure

The North Penn School District is led by the nine elected Board of Directors who are responsible for oversight of all district operations and activates. The board is responsible for hiring a Superintendent who acts as the leader and CEO of the organization. The Assistant Superintendent, Director of Business Administration, Director of Human Resources, and the Director of School and Community Services all report directly to the Superintendent. The organization chart below shows the administrative structure of the District as it currently exists.

Mission Statement

The North Penn School District is an effective, innovative, student-centered community of teaching and learning where every student is empowered to:

- become an independent, adaptable, life-long learner who uses knowledge to create new understandings;
- exhibit creative, collaborative, and critical thinking;
- achieve at his or her highest potential; and
- live as a positive, responsible, and contributing citizen of the global society

Vision Statement

The North Penn School District is student-centered with a focus on academic challenge, meaningful experiences and personal responsibility.

Core Values

Visionary Leadership: Contributing to the development of a quality organization by building the relationships necessary to create the conditions that:

- foster a high level of employee, student and community engagement;
- provide opportunities for employee decision-making;
- include a high level of visibility; and
- are characterized by leadership coaching.

High Expectations for Learning: Cultivating an environment where every student knows he or she can succeed, and in which families, community members and staff demonstrate the confidence to meet the needs of every child by using strategies that ensure high levels of achievement and address student learning differences.

People-Centered: Empowering and equipping students, staff, and community members to better serve, providing them with a healthful environment in which they continuously learn and embrace change, and soliciting feedback to effectively understand and address the needs and concerns of students, staff, and the community.

Continuous Improvement: Creating a culture throughout the organization of commitment to use and share data in decision-making, planning focused on retaining strengths, addressing opportunities for improvement, and program assessment to measure improvements in student, employee, and organizational performance.

Partnerships and Teamwork: Utilizing the power of teaming to deliver the best for our school community.

Goals

The 2015-2018 Comprehensive Plan Goals and Strategies outlined the following five goals, which drive decisions for the North Penn School District:

- Student Achievement - Every Student will demonstrate high levels of achievement that provide pathways for college and career success.
- Safe, Healthy and Orderly Environment – NPSD will provide a safe and secure environment for all students, staff and community members to support personal growth and well-being.
- Organizational Effectiveness – NPSD will be committed to continuous improvement that aligns resources for student-centered outcomes, institutes practices that maximize resources and focuses on its goals and outcomes through use of data.
- Quality Workforce – NPSD will carefully select and develop employees to succeed and contribute to the mission, vision and values of the organization.
- School Community Engagement – NPSD will engage all students, staff and community members as active participants in the success of the district.

Budget Development

The administration and Board of School Directors are committed to providing each child in the District with the best possible educational opportunity while maximizing the use of available resources. This consideration goes into the budget process each year as both parties attempt to balance these needs with the available local, state, and federal resources.

Normally the annual budget process begins in September so that a Preliminary Budget can be presented and adopted in February. The Preliminary Budget due date is earlier in a Presidential Election year and was adopted in January. The Base Act 1 index is published by the Pennsylvania Department of Education and is the state mandated limit for real estate tax increases (2.4% for 2016-2017) unless exceptions are utilized or voter approval is given to raise taxes above the index. If the Board of Directors adopt a resolution that it will not need to raise taxes above the state mandated limit, it can forgo the adoption of the preliminary budget.

2016-2017 Budget

The Administration develops a timeline that works backwards from the final budget adoption date in June to the previous September. The following timeline by month summarizes the North Penn School District's budget process:

The District administers and manages the budget by entering a line-item budget in the financial software and putting controls into place that prevent over-expenditures on any line item. Budget transfers between line items are allowed beginning October 1st of each fiscal year. Each month for the Financial Committee meeting a report is prepared showing actual expenditures and projected expenditures compared to the budget.

Capital Projects for consideration are presented at the monthly Support Services Committee. At each Finance Committee Meeting a report is prepared showing outstanding projects with remaining balances and a comparison of the total remaining balance to funds remaining in the Capital Projects Funds, providing information on funds available to fund future projects.

Financial Reporting and Accounting Structure

The District’s Financial Statements are prepared in accordance with GASB Statement No. 34 and present both government-wide and fund level financial statements using both the accrual and modified accrual basis of accounting, respectively. The following chart illustrates how the various parts of the District’s annual report are arranged and relate to one another.

Organization of the North Penn School District Annual Financial Report

Government-Wide Statements

The government-wide statements report information about the District as a whole using accounting methods similar to those used by private sector companies. The statement of net position includes all of the District's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid. These statements are reported using the full accrual method of accounting. Both statements report the District's net position (the difference between assets and liabilities) and how it has changed and are divided into two categories; Governmental Activities which includes basic services and Business-Type Activities which includes the District's community education, extended child care, and school nutrition service programs.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's funds and not on the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending in particular programs. The fund financial statements are reported using the modified accrual method of accounting. The District has three kinds of funds:

- Governmental Funds – Most of the District's basic services are included here and generally focus on how cash and other assets can be converted to cash and the balances left at the end of the year that are available. Governmental Funds utilized by the North Penn School District include the General Fund and Capital Projects Funds.

North Penn School District
2016-2017 Budget

- Proprietary Funds – Services for which the District charges a fee are reported here. These include the community education, extended child care, and school nutrition service programs. These funds are collectively referred to as Enterprise Funds in the budget and financial statements. Additionally the North Penn School District utilizes an Internal Service Fund to account for self-insurance paid at actual cost by the District.
- Fiduciary Funds – The District is the trustee, or fiduciary, for assets that belong to others such as the Scholarship and Student Activities Funds. These activities are excluded from the District-wide financial statements because they cannot be used as assets to finance the District’s operations.

Revenue Sources

This dimension permits segregation of revenues by source. The primary classification differentiates Local, State and Federal revenue sources. Other Financing Sources are included in the dimension breakdown, although in a strict accounting sense, these are not revenues.

6111 Current Real Estate Taxes

Revenue received from taxes assessed and levied upon real property.

6112 Interim Real Estate Taxes

Taxes levied under Act 544 of 1952 (Section 677.1) on new construction not appearing on the tax duplicate.

6113 Public Utility Realty Tax

Revenue received under terms of the Public Utility Realty Tax Act (Act 66 of 1970). Lands and structures owned by public utilities and used in providing their services are subject to state taxation under Act 66 of 1970. The state then collects and distributes a prescribed sum among local taxing authorities, and that payment of state tax shall be in lieu of local taxes upon utility realty.

6114 Payments In Lieu Of Current Taxes – State / Local Reimbursement

Revenue received in lieu of taxes for property withdrawn from the tax rolls of the LEA for public housing, forest lands, game lands, water conservation or flood control.

6151 Current Act 511 Earned Income Taxes

Revenue received under Act 511 for taxes levied upon wages, salaries, commissions, net profits or other compensation of those who earn income within the taxing jurisdiction of the LEA.

6153 Current Act 511 Real Estate Transfer Taxes

Revenue received under Act 511 for percentage assessment on the transfer price of real property within the jurisdiction of the LEA.

6411 Delinquent Real Estate Taxes

Revenue received from taxes assessed and levied upon real property, which have become delinquent.

6510 Interest on Investments and Interest-Bearing Checking Accounts

Interest revenue received on temporary or permanent interest-bearing investments and interest-bearing checking accounts. (Investments would include U.S. treasury bills, notes, savings accounts, certificates of deposit, mortgages, or other interest-bearing investments.)

North Penn School District
2016-2017 Budget

6700 Revenues from District Activities

Revenues resulting from co-curricular and extra-curricular activities controlled and administered by the LEA. These revenues are not to be commingled with the proceeds from student activities which should be accounted for in agency funds.

6832 Federal IDEA Revenue Received as Pass Through

Federal IDEA revenue received by a school entity passed through from a Pennsylvania LEA or another primary recipient.

6910 Rentals

Revenues from the rental of school property which is being used for school purposes, and the net earnings from rents and leases of school property that is not being used for school purposes, but is being held for future use or disposal. The credit to this account should include only receipts from flat rate rental charges not identifiable as an offset against expenditures. Include here gas lease or royalty revenues.

6920 Contributions/Donations/Grants from Private Sources

Contributions, donations and grants from private sources are revenues from philanthropic foundations, private individuals or organizations for which no repayment or service is expected.

6942 Summer School Tuition

Revenue received from students, their parents or their guardians for summer school education provided by the LEA.

6944 Receipts from Other LEAs in Pennsylvania – Education

Monies received from other LEAs in Pennsylvania for education provided to pupils from the paying LEA. Note: Charter Schools should record payments from the sending districts to this account, whether by direct payment or deduction.

6960 Services Provided Other Local Governmental Units/LEAs

Revenues from services provided other local governmental units. These services could include transportation, data processing, purchasing, maintenance, cleaning, cash management, consulting and a variety of other educational related services.

6990 Refunds and Other Miscellaneous Revenue

Revenue from local sources not classified elsewhere.

North Penn School District

8810 School Based Access Medicaid Reimbursement Program (SBAP) Reimbursements (ACCESS)

SBAP is an MA program that reimburses school entities for direct, eligible health-related services including transportation. These services are provided to MA enrolled, special needs students, and

North Penn School District
2016-2017 Budget

reimbursement claims are processed through Public Consulting Group. Reimbursable services include, but are not limited to, occupational therapy, physical therapy and psychological counseling. Payments for SBAP costs come from the Department of Education (PDE) through the completion of the PDE-352 ACCESS Funds Request Form.

8820 Medical Assistance Reimbursement for Administrative Claiming (Quarterly) Program

The Administrative Claiming Program reimburses LEAs for the costs associated with administrative Medicaid-related activities. These funds also include the partial reimbursement that schools receive on behalf of the service fees paid to Public Consulting Group for the processing of their SBAP claims. Payments for SBAP Administrative Claiming are received from the Department of Public Welfare. Expenditures utilizing this source of funding should be reported as federal expenditures on the Annual Financial Report.

9000 Other Financing Sources

Other financing sources include governmental fund general long-term debt proceeds, interfund transfers-in, proceeds of fixed asset dispositions and other transfer-in and receipts. Such amounts are classified separately from revenues. (Other Financing Sources represent revenues in the Debt Service Fund.)

Expenditure Codes

Expenditure Functions

The Function describes the activities for which a service or material is acquired. The functions of an LEA are classified into five broad areas:

- 1) Instruction
- 2) Support Services
- 3) Operation of Non-instructional Services
- 4) Facilities Acquisition, Construction and Improvement Services
- 5) Other Financing Uses

Functions consist of activities, which have somewhat the same general operational objectives.

1100 Regular Programs – Elementary/Secondary

Activities designed to provide grades K–12 students with learning experiences to prepare them for activities as citizens, family members, and non-vocational workers as contrasted with programs designed to improve or overcome physical, mental, social and/or emotional handicaps.

1200 Special Programs – Elementary/Secondary

North Penn School District
2016-2017 Budget

Activities designed primarily for students having special needs. The Special Programs include support classes for pre-kindergarten, kindergarten, elementary and secondary students identified as exceptional.

1300 Vocational Education

PDE approved programs under public supervision and control that provide organized learning experiences designed to develop skills, knowledge, attitudes and work habits in order to prepare individuals for entrance into and progress through various levels of employment in occupational fields including agriculture, business, distribution, health, gainful and useful home economics, and trade and industry. PDE approved programs are those programs approved by the Pennsylvania Department of Education as reflected in the approved program listing of the Career and Technical Education Information System (CATS).

1400 Other Instructional Programs – Elementary/Secondary

Activities that provide grades K-12 students with learning experiences not included in the function codes 1100-1300, 1500, 1600 and 1800.

1800 Pre-Kindergarten

Activities designed to provide Pre-K students with learning experiences to prepare them for activities as citizens, family members, and non-vocational workers as contrasted with programs designed to improve or overcome physical, mental, social and / or emotional handicaps.

2100 Support Services - Students

Activities designed to assess and improve the well-being of students to supplement the teaching process and to meet the applicable provisions of Article XIII of the Public School Code of 1949, as amended, and Chapter 7 of the State Board of Education Regulations. Included in this sub-function are program coordination, consultation, and services to the pupil personnel staff of an LEA.

2200 Support Services – Instructional Staff

Activities associated with assisting, supporting, advising and directing the instructional staff with or on the content and process of providing learning experiences for students.

2300 Support Services - Administration

Activities concerned with establishing and administering policy in connection with operating the LEA.

2400 Support Services – Pupil Health

Physical and mental health services, which are not direct instruction. Included are activities that provide students with appropriate medical, dental and nurse services.

2500 Support Services – Business

North Penn School District
2016-2017 Budget

Activities concerned with paying, transporting, exchanging and maintaining goods and services for the LEA. Included are the fiscal and internal services necessary for operating the LEA.

2600 Operation and Maintenance of Plant Services

The activities concerned with keeping the physical plant open, comfortable and safe for use, and keeping the grounds, buildings and equipment in effective working condition and state of repair.

2700 Student Transportation Services

Expenditures include those activities concerned with the conveyance of students to and from school, as provided by State and Federal law. It includes transportation costs only for trips between home and school and from school to school.

2800 Support Services - Central

Activities, other than general administration, which support each of the other instructional and supporting services program. These activities include planning, research, development, evaluation, information, staff and data processing services.

2900 Other Support Services

All other support services not classified elsewhere in the 2000 series.

3200 Student Activities

School sponsored activities under the guidance and supervision of the LEA staff.

3300 Community Services

Those activities concerned with providing community services to students, staff or other community participants. Examples of this function would be the operation of a community swimming pool, a recreation program for the elderly, a child-care center for working mothers, etc.

4600 Existing Building Improvement Services

Record to this subfunction the capital expenditures incurred to renovate or improve existing buildings, service systems and other built-in equipment. Capital expenditures include non-routine and extraordinary (or substantial) costs incurred to maintain or improve buildings, service systems and other built-in equipment.

5110 Debt Service

This account is used to record and accumulate expenditures incurred to retire current year principal and interest payments on long-term debt other than refunded bond issues.

5130 Refund of Prior Year Revenues/Receipts

North Penn School District
2016-2017 Budget

Record to this account the recognition of all refunds of prior year revenues and receipts. This account is also used to record refunds and deductions taken from your State subsidies to adjust for prior year audits and subsidy calculation changes. This account should be reported as an expenditure on your financial statements consistent with GASB #33.

5200 Interfund Transfers - Out

Included are transactions that withdraw money from one fund and place it in another without recourse.

5900 Budgetary Reserve

Budgetary Reserve is not an expenditure function or account. It is strictly a budgetary account.

In addition to the appropriations, it is a sound management practice to provide for operating contingencies through a Budgetary Reserve. Experience indicates that there are certain variables over which control is impossible regardless of the care with which the budget is prepared. These variables include unpredictable changes in the costs of goods and services, and the occurrences of events which are vaguely perceptible during the time of budget preparations, but which nevertheless, may require expenditures by the LEA during the year for which the budget is being prepared.

Even though the operating contingencies for which provision is being made may contain certain unknowns, the Budgetary Reserve should be composed of components for which estimates are made. For example, there may be Federal, State or local programs, which may or may not, require expenditures by the school system in the fiscal year for which the budget is being prepared.

Rather than provide for such contingencies by “padding” the functional appropriations, it is preferable to limit the functional appropriations to amounts that are supportable by estimates based upon financial, enrollment and other statistics as related to the more definite educational plans and programs for the budget year, and earmark a reserve for the less predictable requirements. The Budgetary Reserve should be reasonable in amount and in proper proportion to the known operating requirements of the LEA.

Expenditures may not be made against the Budgetary Reserve, but only against the line items, which appear throughout the functional appropriations. Whatever may be needed from the Budgetary Reserve may not be used until after transfer from the Reserve to the line items against which the expenditures are to be charged. Each such transfer requires the prior authorization of the Board of School Directors, and may be made only during the last nine (9) months of the fiscal year.

To the extent that the contingencies for which the Budgetary Reserve has been provided fail to materialize in the budget year, there will be a balance remaining in the Budgetary Reserve at the close of the budget year. If covered by revenues realized during the budget year, as it should be in all school systems operating on a pay-as-you-go basis, such a balance becomes a part of the total resources available for application against the requirements of the next fiscal year.

Expenditure Objects

The Object Dimension is the service or commodity bought. This manual identifies nine (9) major object categories:

- Personnel Services – Salaries
- Personnel Services – Employee Benefits
- Purchased Professional and Technical Services
- Purchased Property Services
- Other Purchased Services
- Supplies
- Property
- Other Objects
- Other Financing Uses

100 Personnel Services - Salaries

Gross salaries paid to employees of the LEA who are considered to be in positions of a permanent nature or hired temporarily, including personnel substituting for those in permanent positions. This includes gross salary for personnel services rendered while on the payroll of the LEA.

200 Personnel Services – Employee Benefits

Amounts paid by the LEA on behalf of employees; these amounts are not included in gross salary, but are in addition to that amount. Such payments are fringe benefit payments; and, while not paid directly to employees, are part of the cost of personnel services.

300 Purchased Professional and Technical Services

Services that by their nature require persons or firms with specialized skills and knowledge. Included are the services of architects, engineers, auditors, dentists, medical doctors, lawyers, consultants, teachers, accountants, tax collectors etc. Payments for services provided by Intermediate Units to LEAs should be recorded to this object.

400 Purchased Property Services

Services purchased to operate, repair, maintain and rent property owned and / or used by the LEA. These services are performed by persons other than LEA employees

500 Other Purchased Services

Amounts paid for services not provided by LEA personnel but rendered by organizations or personnel, other than Professional and Technical Services and Purchased Property Services.

North Penn School District
2016-2017 Budget

600 Supplies

Amounts paid for material items of an expendable nature that are consumed, worn out, or deteriorate in use; or items that lose their identity through fabrication or incorporation into different or more complex units or substances.

700 Property

Expenditures for the acquisition of fixed / capital assets, including expenditures for land or existing buildings and improvements of grounds; initial equipment; additional equipment and replacement of equipment.

800 Other Objects

Amounts paid for expenditures not otherwise classified in objects 100 through 700.

900 Other Uses of Funds

This series of codes is used to classify transactions which record redemption of principal on long-term debt, authority obligations, fund transfers, and transfers to component units (as defined by GASB Statement #14).

2016-2017 Budget

General Fund Revenue

The General Fund of the District is funded from local, state, and federal sources of revenue. Local revenue is the largest source of revenue which accounts for 78% of the \$245,174,877 in total budgeted revenue for the 2016-2017 fiscal year. The remaining 22% of revenue budgeted is comprised of state subsidies and grants (20%) as well as federal grant money (2%).

Local Sources

The largest portion of local revenue is made up of current taxes on real estate. Local current real estate tax revenue is budgeted to be \$164,150,885 which is 87% of local revenue sources budgeted and 68% of total revenue sources budgeted. Current real estate tax revenue budgeted is \$4,359,876 higher than budgeted in the previous year. The North Penn School District lies in Montgomery and Bucks Counties so there are two real estate tax bases that make up current real estate tax revenue. The combined assessed property values for Bucks and Montgomery Counties is \$7,195,870,573 for the 2016-2017 school year.

The 2016-2017 real estate tax rate required to fund the District's programs and services for Bucks County is 133.1668 and 24.1890 for Montgomery County. The Montgomery County rate increased by 2.4% from the previous year which is the maximum amount allowable under Act 1 for the 2016-2017 school year. The Bucks County increase was 2.4% above the original millage rate for 2015-16. This increase in the tax rate along with higher assessed home values and a weighted average tax collection percentage of 97% will generate the additional \$4.4 million in resources for the District.

The second largest source of local revenue is from proportional tax assessments including earned income taxes (EIT) and real estate transfer taxes. Both of these taxes are collected at a rate of 50% of the total tax levy. The District anticipates collecting \$15.5 million in EIT revenue and \$2.6 million in real estate transfer taxes. Other local sources of revenue include interim and delinquent payments on real estate taxes, earnings on investments, revenues from district activities, and other various sources.

State Sources

State sources comprise 20% of the total budget at \$48,868,009 which is a 7.9% increase from the 2015-2016 fiscal year. State sources include subsidies from basic education, special education, transportation, and rental (or building reimbursement) payments.

The largest line item in state sources comes from the state's share of retirement contributions. The state reimburses the District for half of its PSERS retirement costs. For 2016-2017, the rate that districts pay into PSERS is 30.03 % and in return the state reimburses half of this expense. This amount is \$18,306,202 which is a \$3 million (19.6%) increase from the previous year. This increase is contributed to an increase in salaries as well as an increase in the contribution rate from 25.84% to 30.03%. The state also reimburses districts for one half of their Social Security and Medicare taxes which in 2016-2017 equates to \$4,658,237.

North Penn School District
2016-2017 Budget

The District also receives money from the state to offset property taxes from Act 1 of 2006. These funds are collected by the state through gaming revenues and other tax programs which are then distributed to school districts to pass on as a tax credit to approved homestead and farmstead properties to reduce property taxes. This allocation for the 2016-2017 school year is \$5,079,806 which equates to a tax reduction of \$204 for each eligible property.

Federal Sources

Revenue from federal sources is comprised primarily of grant money for specific programs. The District receives money for the following programs:

- Title I - Improving the Academic Achievement of the Disadvantaged
- Title II - Prepare, Train, and Recruit Highly Qualified Teachers and Principals
- Title III - Language Instruction of LEP and Immigrant Students
- Keystones to Opportunity - Striving Readers Comprehensive Literacy Prog. (budgeted in Title I)

The District also receives monies through the School-Based Access Medicaid Program which provides reimbursement for eligible health care service costs.

North Penn School District
2016-2017 Budget

General Fund Expenditures

For the 2016-17 school year, budgeted expenditures in the General Fund are \$245,489,530, which is an increase of \$10,325,102 (4.4%) from 2015-2016. The largest budget challenge facing the North Penn School District as well as the other 499 public school districts in the Commonwealth is the required contributions to the Pennsylvania State Education Retirement System (PSERS). Districts are required to pay a defined contribution amount towards employee pensions each year to PSERS. For the 2016-17 school year, this amount is 30.03% which means that for each \$1 in eligible salaries the District must contribute 30.03 cents to PSERS. The total budgeted PSERS expenditure is \$36,612,403 for 2016-2017 which is an increase of \$6,001,489 (19.6%) from the previous year.

Along with the PSERS contribution, the other major items impacting the expenditure budget are as follows:

- Salaries – Salaries have increased by 2.36%. New contract agreements were reached with the North Penn Education Association (NPEA) during the 2015-2016 school year.
- Technology Capital Lease-An additional \$705,670 was budgeted for a new lease for Chromebooks to be issued to students in grades 6 through 9 and other technology upgrades which will be leased over three years.
- Prior Year Elementary Language Arts Textbook Adoption-This initiative from 2015-16 budgeted at \$999,323 was not replaced in the 2016-17 budget, resulting in an over \$1 million reduction in supplies and books.
- New debt for the Montgomery Elementary School renovations – Debt service payments will increase by \$191,098 due to this project.

The total of the increases in these major items totals \$8,736,940.

General Fund Budget Forecast

The North Penn School District has developed a general fund budget forecast to anticipate future revenues and expenditures and how this will impact the District's fund balance. As with the current year budget, the largest factors in the forecast include ACT 1 and the state budget for revenues as well as salaries, benefits, PSERS retirement contributions, charter schools, special education costs and building improvements.

The following assumptions were made in these forecasts:

- Millage increases equal to the projected Act 1 index each year
- Growth of tax base of .5% per year
- 97% tax collection rate
- 2% annual increase in earned income tax, 4% increase for transfer taxes
- Increases at the ACT 1 index percentage for interim taxes and other local revenue
- 2% annual increase to basic education and special education state subsidies
- Level property tax reduction allocation and transportation subsidy
- 2% annual increase federal revenue
- 2.75% increase annually in salaries
- Pension rates using PSERS projected rates
- 4% increase per year in other benefits; 3% increase per year in professional/technical services, purchased property services, and other purchased services; and 2% increase per year in supplies.
- Debt service at current schedule plus second phase borrowing for Montgomery Elementary project
- Level budgetary reserve requirement

The District plans on exploring further cost saving options and other revenue sources to help lessen the usage of fund balance in the upcoming years. A portion of the fund balance is assigned to help with PSERS expense and the employer contribution rate is expected to peak at 34.2% in the 2019-2020 school year before it flattens out to just under 34% for future years through 2024-25.

Capital Project Funds

The capital projects funds are comprised of the capital reserve fund and any capital funds where bond proceeds are deposited to use for construction projects. For 2016-2017, there is a projected beginning fund balance of \$14,378,337 in bond and capital reserve funds available that will be used to finish the following projects:

- Capital improvements to Hatfield Elementary School which were substantially completed in 2015
- Renovations to Montgomery Elementary School which will be completed in August 2017.
- Roof replacements various District buildings

The District recently engaged in an Athletic Campus Master Plan and is evaluating potential projects as a result.

School Nutrition Fund

For the 2016-2017 school year, the District's School Nutrition fund is budgeting revenues of \$5,471,972. Local revenues, which are comprised of sales to students and staff, are budgeted to decrease by \$142,002 (-4.9%) due to a decrease in breakfast sales projections, a la carte sales, and student sales due to increased free and reduced eligibility.

This increase in free and reduced meal sales leads to an increase of state and federal meal reimbursement revenue. The United States Department of Agriculture (USDA) reimburses school districts for eligible meal sales and the 2016-2017 budget shows an increase in combined state and federal revenue sources of \$188,868 (7.44%). The District is also receiving an additional 6 cents per meal in reimbursement for having completed the Pennsylvania Direct Meal Certification program.

Expenditure budget of \$5,867,850 is an increase of \$469,852 (8.7%) over the previous year. This can be attributed to an increase in salaries, increased food and supply costs, and replacement equipment costs to purchase a new warmer and ovens.

The North Penn School Nutrition Services (SNS) Program is self-operated by North Penn employees. SNS provides breakfast and lunch for all students and staff who wish to participate. SNS is self-supporting, receiving no aid from the General Fund in its operating budget. All funding for the SNS operation is through the sale of food and reimbursements from the state and federal government.

The 2015-2016 reimbursement rates per meal for grades Kindergarten through 12th are:

Breakfast is offered at all levels for \$ 1.75. Lunch prices are; elementary \$2.80, middle school \$3.00 and high school \$3.25. A la carte items are offered at every level. SNS follows the Smart Snacks in Schools regulation. This is North Penn 3rd year in the Summer Food Service Program. This program has given us an alternative revenue stream as well has helped us bridge the summer hunger gap.

Extended School Care Fund

The Extended School Care Fund continues to show a profit for the 2015-16 school year. With a consistent enrollment of 780 students throughout this school year and increases made to the part time rates two years ago, the program is able to cover all expenses and will end the school year showing a profit.

Through the month of February 2016 income was up approximately 3.0% over the previous year. Expenses thus far are slightly more than last year. This is due to increases in income at Bridle Path and Inglewood Elementary schools on the income side and increases in salaries, medical benefits and pension on the expense side.

With a fee increase of 2.4% approved for the 2016-17 school year, income is budgeted at \$2,293,470 and expenses at \$2,445,301.

Community Education Fund

The District's Community Education Program has provided affordable life-long learning opportunities for more than 40 years. This year alone over 3,300 residents participated 249 classes and summer camps. Also, about 500 of our "Gold Carders" (residents 60 and older) enjoyed our programs for free or at a reduced rate. In an age when school districts are ending such programs, NPSD boasts thriving support of this community tradition.

The philosophy of the Community Education Program has been to support district needs, when financially possible, in areas that support community engagement and community use of our resources. During the 2015-2016 school year, community education installed a sound system in Conference Room B at the Education Services Center (\$10,675) and will be funding the NPSD Mobile App (\$10,139) that will launch by the end of the school year.

In addition, community education funds supported ongoing regular district expenses such as board functions, sympathy flowers, professional development and more. And as always, community education is the sponsor of the NPHS Theater Gold Card Matinee which packs the NPHS auditorium each year. And for the fourth year in a row, community education managed enrollment for the popular Iron Knights Triathlon which has grown to more than 1,200 student participants.

2016-2017 Budget

There are a few items under consideration for purchase during the 2016-2017 school year. The Office of School & Community Education is currently researching installation of kiosks at North Penn High School. This will allow residents to know what and where activities are happening in the building.

The community education fund also includes revenues and expenditures for the North Penn School District Aquatics, Swim Team, and Water Polo programs. Details for each of these programs follow this section.

Aquatics Program

The 2016-2017 projected budget for swim lessons is \$54,000. If revenue continues to surpass this amount during the 16-17 fiscal year, the program will increase its projected budget for 2017-2018 fiscal year. Revenue is dependent upon the number of program participants which may vary from year to year.

The majority of expenses are professional salaries and benefits used to conduct the program's classes and the aquatic staff will see an increase in pay as set by the District's pay scale. Supply expenses will include rescue and pool equipment, medical supplies for first aid room and American Red Cross Certification Cards for the Lifeguard Training and Review Classes.

Swim Team Program

The 2015-2016 budget of \$187,500 fell short due to the cancellation of the New Year's meet as a result of weather and the cancellation of the Bronze meet as a result of a scheduling conflict. The projected revenue for the 2016-17 Swim Team of \$205,000 is expected to be on track.

Technical salaries and pay for coaches will see an increase of 1.5% for salary coaches and the per hour coaches as set by the new coaches' pay scale.

Other expenditures for the program include:

- Other Rentals - Rental of other facilities for the US summer long course season and Sunday US meets held at North Penn High School Pool.
- Travel - For travel expenses to Junior Olympics, Senior Champs, Junior Nationals and other US meets.
- General Supplies - The purchase of additional touch pads and other equipment for the Daktronics timing system, supplies for hosting the US swim meets, and miscellaneous supplies and equipment to successfully run the growing swim and dive teams.
- Dues and Fees - Payment to Middle Atlantic for Sanction Fees to host Middle Atlantic US meets, training of NPAC US Coaching staff and payment to the NPAC on-line registration company at \$7.00 per registered swimmer.
- Conference Fees/Dues - Reimbursement to the North Penn Aquatic Club Parents Club for Trophy Meet fees to be taken at the 2016 fall SAL swim team registration. Splash Fees of \$1.20 per splash into pool during US Meets paid to Middle Atlantic (New Years, Bronze, Mini, Development, Distance and any additional meets)

Water Polo Program

The 2015-2016 projected budget of \$25,000 was surpassed due to additional enrollment of players, more programs offered and increased fees. The North Penn Community Aquatic Water Polo was able to host additional tournaments on Saturdays during the Water Polo seasons. This generated more revenue from the program. The projected revenue for the 2016-17 Water Polo budget will be \$35,000.

A new position for a Head Water Polo Coordinator has been created for 2016-17 and will be paid from Professional Salaries. Assistant coaches are paid from the technical salaries account. The assistant coaches will remain at their present rate for the upcoming year. Additional expenses for the Water Polo program include:

- Officials - To pay for the water polo referees during tournaments
- Other Rentals - Payment for Water Polo Tournaments held at the North Penn High School Pool on Sundays during the fall 2016 water polo season.
- Travel - Travel expenses to the away tournaments held in Pittsburgh and Connecticut.
- Supplies - Purchase of new supplies and equipment for the growing Community Aquatic Water Polo program.
- Conference Fees and Dues - Entry fees into the American Water Polo – Main Line League Tournaments for the North Penn Community Aquatic Water Polo teams. Also any registration fees for other away tournaments.

Internal Service Fund

The North Penn School District is self-insured which means all medical, prescription, dental, and vision claims are paid at the actual cost by the District. The internal service fund is used to account for these expenses on a cost-reimbursement basis. For the 2016-2017 school year, budgeted revenues (transfers from the general fund from both employer and employee cost-sharing) are \$29,820,000 and expenditures (the cost of claims) is \$29,926,500.

Debt Limit and Remaining Borrowing Capacity

The statutory borrowing limit of North Penn School District under the Local Government Unit Debt Act (Act 52 of 1978) is computed as a percentage of the School District's "Borrowing Base". The "Borrowing Base" is defined as the annual arithmetic average of "Total Revenues" (as defined by the Debt Act), for the three full fiscal years ended next preceding the date of incurring the debt. The calculation of the present borrowing base and the borrowing capacity is as follows:

Total Revenues for 2002-2003	\$	141,886,657
Total Revenues for 2003-2004		148,712,665
Total Revenues for 2011-2012		200,660,412
Total Revenues for 2012-2013		208,152,774
Total Revenues for 2013-2014		218,821,804
Total Revenues for 2014-2015		225,606,339
Total Revenues - Past Three Years	\$	652,580,917
Borrowing Base (annual arithmetic average)		\$ 217,526,972

Under the Debt Act as presently in effect, no school district shall incur any nonelectoral debt or lease rental debt if the aggregate net principal amount of such new debt, together with any other net nonelectoral debt and lease rental debt then outstanding, would cause the net nonelectoral debt plus net lease rental debt to exceed 225% of the Borrowing Base. The application of the aforesaid percentage to the School District's Borrowing Base produces the following:

<u>Net Nonelectoral Debt and Lease Rental Debt Limit</u>	<u>Legal Limit</u>	<u>Net Debt Outstanding</u>	<u>Remaining Borrowing Capacity</u>
225% of Borrowing Base	\$489,435,687	\$ 97,765,000	\$391,670,687

Current debt levels are at 20% of the legal limit. The District has ample borrowing capacity if the need arises.

General Obligation Bonds and Notes

The District issues general obligation bonds and notes to provide funds for the acquisition and construction of major capital facilities. The outstanding debt was issued to finance additions and improvements at General Nash, Inglewood, Hatfield and Montgomery Elementary Schools. The following tables illustrate the debt service (or debt payment) schedules as well as the amount of outstanding debt. For 2016-2017, the total debt service payments owed are \$14,390,948 which is 6% of the total expenditures for the fiscal year.

Post-Employment Benefits Other than Pensions (OPEB)

The District provides medical and prescription drug insurance benefits to eligible retired employees, spouses, and dependents through a single-employer defined benefit plan. All aspects of the plan are administered by the District and can be amended through personnel manuals and contracts. The activity of the plan is reported in the District's General Fund.

The District negotiates the contribution percentage between itself and employees through union contracts and personnel policy and may vary depending on the applicable agreement. The District currently contributes enough money to the plan to satisfy current obligations on a pay-as-you-go basis and costs of the plan are paid by the District.

The District's OPEB expense is calculated based on the annual required contribution of the employer (ARC) which is an amount actuarially determined in accordance with GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed 30 years. The components of the District's annual OPEB cost for the year are as follows.

	Total
<u>For Fiscal Year July 1, 2015 to June 30, 2016</u>	
Annual Required Contribution (ARC)	\$879,105
Interest on Net OPEB Obligation ¹	224,786
Adjustment to ARC ²	(306,665)
Annual OPEB Cost	\$797,226
Contributions Made (Estimated)	(275,152)
Estimated Increase in Net OPEB Obligation	\$522,074
Net OPEB Obligation - Beginning of Year	\$4,995,235
Estimated Net OPEB Obligation - End of Year ³	\$5,517,309
<u>For Fiscal Year July 1, 2016 to June 30, 2017</u>	
Annual Required Contribution (ARC) ⁴	\$879,105
Estimated Interest on Net OPEB Obligation ¹	248,279
Estimated Adjustment to ARC ²	(338,716)
Annual OPEB Cost	\$788,668
Contributions Made (Estimated)	(307,357)
Estimated Increase in Net OPEB Obligation	\$481,311
Estimated Net OPEB Obligation - Beginning of Year	\$5,517,309
Estimated Net OPEB Obligation - End of Year ³	\$5,998,620

¹ Interest on Net OPEB Obligation is calculated at the discount rate of 4.50%.

² Net OPEB Obligation - End of prior year divided by the amortization factor of 16.2889.

³ Note: These amounts are estimates only. These amounts may be adjusted for actual contributions deposited or benefit payments made during the fiscal year. In addition, a new valuation should be performed if there have been significant changes in benefit provisions, the size or composition of the population covered by the plan, or other changes that impact long-term assumptions.

⁴ Annual Required Contribution (ARC) is assumed to be a level dollar amount.

Fund Balance Designations

The District has previously implemented GASB Statement No. 54 which provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on the District's fund balances more transparent. The following classifications describe the relative strength of the spending constraints:

- Nonspendable – Amounts that cannot be spent either because they are not in spendable form or because of legal or contractual constraints. Fund balance types of this category are inventories and prepaid expenditures.
- Restricted – Amounts that can be spent only for specific purposes stipulated by external resource providers or through enabling legislation. Fund balance types in this category include amounts for capital projects.
- Committed – Amounts that are constrained for specific purposes that are internally imposed by the District through formal action of the Board and do not lapse at year-end. Fund balance of this type is for the retirement rate increase. Since the District is required to contribute to the retirement plan, the retirement rate increase has been set up by the Board to provide any fluctuations to the rate increases.
- Assigned – Amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund balance may be assigned by the Director of Business Administration. Fund balance of this type include amounts for debt service along with funds to be set aside for self-insurance funding.
- Unassigned – Amounts not contained in other classifications. Unassigned amounts are technically available for any purpose. It is the policy of the District to follow state requirements that unassigned fund balance will not exceed 8% of the subsequent year operating budget in this category. For 2016-2017, the anticipated unassigned fund balance amount is \$15,922,643 or 6.5% of the operating budget.

Current Real Estate Tax

Real Estate Tax is the main source of revenue for funding the operation of the North Penn School District. It is based on the assessed valuation, as determined by the Montgomery County Board of Assessment, of all taxable property within the School District and is collected through elected tax collectors in each municipality.

The millage rate is the rate which the Board of School Directors sets for the taxation of the assessment on a property. The assessment value is determined by the Montgomery County Board of Assessments. The millage rates for 2016-17 are:

Montgomery County Residents: 24.1890
Bucks County Residents: 133.1668

The current school district real estate tax can be calculated by taking the millage rate and multiplying it by your property assessment.

Example: .0241890 x 200,000 = \$4,837.80 Face Value
 Millage Assessment Tax

The current real estate tax bill payment schedule is as follows:

Payment Period	Payment Schedule
Discount	Payments received from July 1 to August 31 receive a 2% discount from the face value.
Face	Payments received from September 1 through October 31 are applied at the face value.
Penalty	Payments received after October 31 are subject to a 10% penalty on the face value.
Liened	Payments not received by December 31 will be considered delinquent and will be placed on a lien status with Montgomery or Bucks County.

Each municipality has an elected tax collector where payments should be sent. The tax collectors as of June 1, 2016 are:

- Hatfield Borough - Nancy DeFinis
- Hatfield Township - Christina Murphy
- Lansdale Borough - Christine Calhoun
- Montgomery Township - Patricia Gallagher
- North Wales Borough - Diane Skudlarek
- Towamencin Township - Robert DiDomizio, Jr.
- Upper Gwynedd Township - Jane Murray
- Bucks County (Line Lexington/Hilltown/New Britain Township) - Deb Schmid

Homestead/Farmstead Reduction

The Homestead/Farmstead real estate tax reduction was created by Act I Legislation (The Taxpayer Relief Act, Act 1 of Special Session 1 of 2006) that was signed into law by Governor Rendell on June 27, 2006. In order for a resident to qualify for the Homestead/Farmstead reduction, the property in which they live must be your primary residence. Commercial and Rental properties do not qualify. Residents cannot claim a primary residence and receive a benefit in another state or county and residents can have only one primary residence.

If the property has been Homestead/Farmstead approved, residents will see a Homestead/Farmstead Reduction on their tax bill when there are proceeds returned to the taxing District to pass through. The District has the County mail Notifications/Applications in December to residents who do not already have an approved homestead property informing them it is necessary to apply and the deadline to apply is March 1.

If the resident is a primary residential approved homestead property owner, they will see a reduction in their tax bill. This reduction is a revenue from the state using the pool of money that is collected for gambling in the state of Pennsylvania. The amount may vary year based upon the number of approved homesteads and the amount of money that is received by each of the school districts in the state.

Homestead approved property owners will have the option of paying using installment coupons. These coupons are set up in three installments with all of the payments to be made by October 31. The coupons are based strictly on the face amount of your tax bill. If residents opt to use the coupons, they

North Penn School District
2016-2017 Budget

do not get to take the 2% discount payment option. If two coupon payments are late, residents are automatically removed from being able to receive coupon payments in the future.

Other Local Revenue Sources

The second largest source of local revenue is from proportional tax assessments including earned income taxes (EIT) and real estate transfer taxes. Both of these taxes are collected at a rate of 50% of the total tax levy. The District anticipates collecting \$15.5 million in EIT revenue and \$2.6 million in real estate transfer taxes. Other local sources of revenue include interim and delinquent payments on real estate taxes, earnings on investments, revenues from district activities, and other various sources.

Enrollment Projections

The District uses a four-year average of cohort movement from grade to grade to project enrollment. Kindergarten enrollment is projected using the four-year average of the percent of live births that enroll in kindergarten. The following charts show actual and projected enrollment.

District School Performance Profile

The Pennsylvania School Performance Profile (SPP) is the state measure of accountability for public schools in the Commonwealth. While schools and districts across the state previously received designations under the Adequate Yearly Progress system of school accountability, individual schools now receive an academic performance score based on many data points. This change to the PA School Performance Profile serves several purposes including:

- Informing the public of school performance
- Providing a building level score for educators as part of their evaluation system
- Allowing the public to compare schools across the state
- Giving schools a methodology to analyze their strengths and needs

The School Performance Profile scoring system is based on a 100-point system in which each individual school receives a rating. Schools may also earn extra points beyond the 100 points for students who have earned advanced scores on state, industry and Advanced Placement exams. Many data elements contribute to the academic score and are categorized into five areas.

The first three areas represent 50 percent of the school academic performance score:

- Indicators of Academic Achievement - Include PSSA/Keystone performance, industry standards-based competency assessments, grade three reading proficiency, and SAT/ACT college ready benchmarks.
- Indicators of Closing the Achievement Gap - All student scores are used to define how well a school is making progress toward proficiency of all students.
- Indicators of Closing the Achievement Gap - Historically Underperforming Students' scores are used to define how well a school is making progress toward proficiency. The high needs students are students who have historically not demonstrated proficiency.

This category represents 40 percent of the school academic performance score:

- Indicators of Academic Growth/PVAAS - Measures the school's impact on the academic progress of groups of students from year-to-year.

This category represents 10 percent of the school academic performance score:

- Other Academic Indicators - Assesses factors that contribute to student achievement (e.g., graduation rate, promotion rate, attendance rate).

Schools may earn up to 7 additional points via Extra Credit for Advanced Achievement based upon advanced performance on state and industry assessments, as well as for students earning a 3 or higher on an Advanced Placement exam or 4 or higher on an International Baccalaureate exam.

North Penn School District
2016-2017 Budget

Please be aware that for the 2014-15 school year the only the school in the district that had a School Performance Profile Score calculated was the North Penn High School due to the transition in state assessments. Beginning in 2016-17, the closing the achievement gap calculation will include reading, math, and science.

The following table shows the North Penn School District’s School Performance Profile Scores for the 2014-15 academic year.

US News and World Report Recognition

In 2016, North Penn High School was named one of the top public high schools in the nation by US News and World Report. The high school ranked number 1526 nationally and number 46 in the state of Pennsylvania. It also received a silver medal and was one of the 6,673 schools who earned a medal as part of their ranking. In the national rankings, 525 schools earned gold medals, 2,289 were awarded silver and 3,738 took home bronze.

US News and World Report evaluated more than 21,000 public high schools in 50 states and the District of Columbia on overall student performance on state-mandated assessments, as well as how effectively schools educated their black, Hispanic and economically disadvantaged students.

Performance on Advanced Placement and International Baccalaureate exams was then used to determine the degree to which schools prepare students for college-level work. Schools were awarded gold, silver or bronze medals based on state proficiency standards and how well they prepare students for college.

In 2015, North Penn High School was ranked number 1773 nationally and number 46 in the state of Pennsylvania.

In 2014, the US News and World Report ranked North Penn High School number 1338 nationally and number 36 in the state of Pennsylvania.

“This prestigious honor is a culmination of hard work by so many people. First and foremost, it’s a testament to our students and their families. The support of the North Penn Community makes these accomplishments possible,” said Todd M. Bauer, Principal of North Penn High School. “Next, I would like to recognize the extraordinary faculty and staff of all NPSD schools whose commitment to rigorous and relevant teaching practices challenge our students each day. While the rankings name the high school as the honored school, this is a product of our entire district. Lastly, it is important to recognize the NPSD leadership. Our School Board and central office administrators support our efforts and provide the guidance to allow for continuous improvement in this ever-changing world.”

North Penn School District Earns 1st Place KTO Innovation Incentive Award for Dream Growers Summer Success Camp

The future of the North Penn School District (NPSD) continues to grow brighter, thanks to the First Place Keystones to Opportunity (KTO) Innovation Incentive Award recently earned by Marisa Neeson, Preschool Outreach Coordinator at NPSD, for her efforts on behalf of the Dream Growers Summer Success Camp.

The Dream Growers Summer Success Camp is a two-week summer camp designed to support continued learning and promote kindergarten readiness with a focus on foundation skills such as oral language, phonemic awareness and school routine. This interactive and educational camp is held at Trinity Preschool and promotes collaboration between several of NPSD's diverse communities.

In 2013, NPSD partnered with Trinity Lutheran Preschool develop the Dream Growers Summer Camp. Marisa Neeson and Lisa Corr, Director for Early Learning at Trinity, collaborated with early learning partners and kindergarten teachers and reviewed district data to identify several areas of need. Data was used to create the curriculum and target specific areas on which to focus. The camp is a collaboration amongst the diverse communities of the North Penn area that provides preschool experiences for students who may not otherwise have that opportunity. Now in its third year, the goal of the Dream Growers is to best prepare incoming students for success in kindergarten by aligning with the NPSD Comprehensive Literacy Plan.

The Dream Growers Summer Success camp is a free program open to children preparing to enter kindergarten. In its first year, the Summer Success Camp had 65 students enrolled. There were 88 campers in year two and this summer, 108 students attended the camp. As the program has grown, so have Marisa and Lisa's visions for the future of the camp. For this reason, the two applied for the KTO Grant in early 2016 to help assist the inevitable growth that the Summer Success Camp is sure to continue to experience.

The application process included a series of in-depth questions regarding the program, data showing results and success of the program, curriculum alignment with the NPSD Comprehensive Literacy Plan and several other items. After being notified that the North Penn School District was named a semi-finalist for the KTO Grant, Marisa and Lisa were required to arrange for a site visit and submit a video vignette highlighting The Dream Growers Summer Success Camp.

The North Penn School District is pleased to announce that it was awarded first place for the 2016 Keystones to Opportunity Innovation Incentive Award for forming strong partnerships by connecting children birth to age five and kindergarten to grade five to increase student achievement. With this award also comes a generous grant to be used in the Dream Growers Program for years to come.

“We are so proud and excited for this wonderful opportunity,” said Marisa Neeson. “We hope to continue to grow The Dream Growers Programs to allow more of our students the opportunity to experience a high quality preschool program and continue to provide relevant professional development opportunities to our teachers.”

The camp has been held at Trinity Preschool in Lansdale for the past three years as they are one of NPSD’s KTO partners and have very generously donated the classroom space to North Penn. The camp was held June 14-17 and June 20-23 this year from 9:30 a.m. until 1:00 p.m. each day.

Glossary

Accounting Method – The method by which income and expenses are reported. The District uses two methods of accounting:

- **Full Accrual** – An accounting method that measures the performance and position of a company by recognizing economic events regardless of when cash transactions occur. The general idea is that economic events are recognized by matching revenues to expenses (the matching principle) at the time in which the transaction occurs rather than when payment is made (or received).
- **Modified Accrual** - An accounting method commonly used by government agencies that combines accrual-basis accounting with cash-basis accounting. Modified accrual accounting recognizes revenues when they become available and measurable and, with a few exceptions, recognizes expenditures when liabilities are incurred.

Act 1 - Special Session Act 1 of 2006, the Taxpayer Relief Act, was signed on June 27, 2006, and modified in June 2011 by Act 25 of 2011. This law eases the financial burden of home ownership by providing school districts the means to lower property taxes to homeowners, especially senior citizens, via the funding provided by gaming revenue. Act 1 establishes an index rate in which property tax millage cannot be raised by unless exceptions are granted to the District.

Assessed Value - The dollar value assigned to a property for purposes of measuring applicable taxes. Assessed valuation is used to determine the value of a residence for tax purposes and takes comparable home sales and inspections into consideration. It is the price placed on a home by the corresponding government municipality to calculate property taxes.

Board of School Directors – The elected or appointed body which has been created to state law and vested with responsibilities for educational activities in a given geographic area. The District is governed by a Board of School Directors.

Bond - A bond is a debt investment in which an investor loans money to an entity (typically corporate or governmental) which borrows the funds for a defined period of time at a variable or fixed interest rate. Bonds are used by companies, municipalities, states and sovereign governments to raise money and finance a variety of projects and activities. Owners of bonds are debtholders, or creditors, of the issuer.

Budget - An estimation of the revenue and expenses over a specified future period of time.

Capital Expenditure - Funds used by a district to acquire or upgrade physical assets such as property, buildings or equipment. These expenditures can include everything from repairing a roof to a building, to purchasing a piece of equipment, or building a brand new school.

Debt Limit - The statutory borrowing limit of a district under the Local Government Unit Debt Act (Act 52 of 1978) is computed as a percentage of the School District's "Borrowing Base". The "Borrowing Base" is defined as the annual arithmetic average of "Total Revenues" (as defined by the Debt Act), for the three full fiscal years ended next preceding the date of incurring the debt. Under the Debt Act as presently in effect, no school district shall incur any nonelectoral debt or lease rental debt if the aggregate net principal amount of such new debt, together with any other net nonelectoral debt and lease rental debt then outstanding, would cause the net nonelectoral debt plus net lease rental debt to exceed 225% of the Borrowing Base.

Debt Service - The cash that is required for a particular time period to cover the repayment of interest and principal on a debt.

Exceptions - A school district that adopts a preliminary budget with real estate taxes that exceed its index may seek approval for referendum exceptions to increase tax rates by more than its adjusted index. Section 333 of the Taxpayer Relief Act, as amended by Act 25 of 2011, provides for four exceptions that require approval by the Pennsylvania Department of Education including special education expenditures and PSERS retirement contributions.

Expenditures – Charges incurred, whether paid or not, which benefit the current fiscal period.

Fiscal Year – The twelve month period of time which the annual budget applies, and at the end of which, the District determines its financial position and results of its operations. This period is normally from July 1 to June 30.

Function – An expenditure dimension that captures activity aimed towards accomplishing a specific purpose. Examples include regular education, special education, and transportation services.

Fund – A fiscal or accounting entity with a self-balancing set of accounts recording financial transactions.

Fund Balance – The excess of assets in a fund over its liabilities and reserves.

GASB – The Governmental Accounting Standards Board is the source of generally accepted accounting principles used by State and Local governments in the United States. The mission of the Governmental Accounting Standards Board is to establish and improve standards of state and local governmental accounting and financial reporting that will result in useful information for users of financial reports and guide and educate the public, including issuers, auditors, and users of those financial reports.

LEA – Local Education Agency such as a school district.

Levy – The act of imposing a tax or assessment.

Mill – The current property tax rate per thousand dollars of assessed value. One mill is equal to \$1.00 per \$1,000 of assessed value.

Object – An expenditure dimension that describes the service or commodity obtained for a specific expenditures. Examples include salaries, benefits, supplies, and equipment.

OPEB- Other Postemployment Benefits (or OPEB) are benefits (other than pensions) that U.S. state and local governments provide to their retired employees. These benefits principally involve health care benefits, but also may include life insurance, disability, legal and other services.

PSERS – The Public School Employees’ Retirement System (PSERS) is an agency of the Commonwealth of Pennsylvania that administers the pension plan for Pennsylvania’s public school employees. Under the Internal Revenue Service (IRS) Code, the PSERS pension plan is classified as a 401(a), governmental defined benefit plan. A defined benefit plan means that the retirement benefit is determined by a formula which includes a retirement factor, years of credited service, and the final average salary.

Revenue – Monies received from taxes, fees, state and federal subsidies, and other sources that are available to the District to fund expenditures.

Self-Insured - Type of plan usually present in larger companies where the employer itself collects premiums from enrollees and takes on the responsibility of paying employees’ and dependents’ medical claims.
