It's Super Saturday time! Super Saturday, presented by NPAGE in conjunction with The North Penn School District, is an easy way to introduce and excite children's interests in learning about something new. Children from all over the community sign up for up to three, 45-minute classes that are taught on a Saturday morning. Class topics are diverse, so there is something for everyone. All of the individuals and organizations who present donate all their time and resources for the benefit of education.
