# Engineering For Kids®

# General Nash Elementary School

Discover and Explore  
Science, Technology, Engineering and Math

The Nash Home and School Association is dedicated to meeting the needs of families who are looking for a safe, structured place for children to spend time after school. This program will be taught by trained instructors who will deliver a curriculum aimed at sparking a lifelong passion for learning.

Engineering For Kids brings science, technology, engineering and math (STEM), to kids in a fun and challenging way through classes, camps, clubs and parties. We are proud to inspire children to build on their natural curiosity by teaching engineering concepts through hands-on learning.

## Upcoming Program at General Nash Elementary School

### Marine Engineering: Making Waves!

Throughout this program, students will use the Engineering Design Process to design, create, test and refine several types of marine based devices and vehicles. Students construct working prototypes that teach and reinforce the concepts of above water transportation, underwater exploration and harnessing the power of water. They will also gain exposure to careers in naval, ocean and marine engineering.

**Junior Engineers (Grades K - 2):** Tuesdays (5/12, 5/26, 6/2, 6/9)  
3:45pm - 4:45pm | *Limited to 12 Students*

**Apprentice Engineers (Grades 3 - 6):** Thursdays (5/14, 5/21,  
5/28, 6/4) 3:45pm - 4:45pm | *Limited to 24 Students*

**Program Fee: \$80**

Please make checks payable to **General Nash Home & School**, and return in an envelope marked **Engineering For Kids** with this form.
